How to get your money

Were you born between **1 September 2002** and **2 January 2011**?

If so, you **might** have a **Child Trust Fund** in your name. This is a savings account for children as they grow up.

If you are aged 16 or over, you can decide where this money is **invested**.

Invested means putting money into something to try and make more money. For example, savings, stocks and shares.

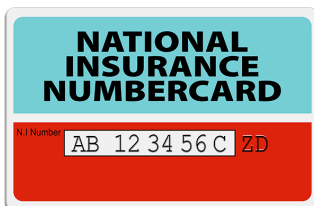

If you are aged 18 or over, you can access the money.
